

This is a study of the influence of accent in Britain today. It looks at such questions as Can job prospects be affected by a candidate's accent?, Why are some accents more popular than others? and Should our schools concern themselves with their pupils' accents? The author explores our subconscious reactions to the different varieties of English pronunciation and argues that only a uniform accent can reduce the levels of misunderstanding and prejudice that currently prevail. The book shows how the prevailing attitudes have helped or hindered such public figures as Terry Wogan, Janet Street Porter, Margaret Thatcher and members of the Royal family.

Beyond Foundationalism: Shaping Theology in a Postmodern Context, Until You Bleed: The Caheri Gutierrez Story (Kindle Single), The Poor Scholar: Study of William Carleton 1794-1869, ISO 16149:2006, Agricultural irrigation equipment - PVC above-ground low-pressure pipe for surface irrigation - Specifications and test methods, Odalisque in Pieces (Camino del Sol),
