

Mr. and Mrs. Noah just got some bad news: God was planning to flood the earth! They were put in charge of building a huge boat called an ark and loading it with the animals that wandered the planet; two of each kind - one male and one female. Many of Noah's neighbors laughed at him, but then it began to rain. Noah, Mrs. Noah, and their buddies sat safe and dry in the ark. God kept his word; the Earth was flooded. The Noah family and their buddies floated on the newly formed sea for forty days and forty nights. And what do you suppose happened then? Noah got some good news; news of comfort, safety, and love from the God who saved the Noah family and all the creatures of the Earth. Noah Buddies is a modern take on an old story. Illuminated by artful illustrations and inspired by cited scriptures, this is a perfect starter book for small children striving to understand the Bible. The Noah story carries a lesson for us all: Noah's faithfulness and obedience to God saved him. We too, should be obedient to God because He deserves our love and trust!
