

Within the last century, acts of violence by one or a few individuals, including children, have become a curse on humanity. To date, there seems to be no standard solution to curb these tragic rampages. Worst, no government, law enforcement, or community leader--no one seems able to predict when and where these acts might occur. Society has been seeking answers from theorists, psychologists, and even mystics, but they have been coming up empty. This manual [Violence-Free Kids]... visits with young lovers, and suggests they factor into their relationship, the possibility of marriage, procreation, and parenting. It talks to mom and dad about choices and preparation that are to be considered before, and after the arrival of a newborn. It reminds teachers about the vigilance needed to educate and accentuate positive values in the young. And, it speaks to both government and community leaders about the reach needed to relate to both the young and adults with love, care, and respect.
