

If your relationships are worth strengthening, this workbook is worth studying! Behavior differences can be a God-given blessing or those same distinctions can strike a deathblow to what would otherwise be a productive and fruitful partnership. Using the renowned DISC behavior model, the Understanding How Others Misunderstand You workbook provides in-depth, enlightening methods of better knowing who you are and how you can better relate to others - even those with strikingly different behavior traits. Learning tools that are included in this workbook are: Two DISC Behavior Instruments, a DISC Role Assessment, Spiritual Gifts Inventory, Learning Style Survey and Gary Chapmans Love Language Profile. You cannot pass or fail, but only come to a more complete understanding of how to create and function in a positive environment. As a companion volume to the Understanding how Others Misunderstand You book, Ken Voges and Dr. Ron Braund have taken the study even further than the basic instruments by providing additional exercises and fascinating biblical case studies. Because each workbook allows two individuals to participate, it is ideal for husband and wife, employer and employee, friend and friend, or you can use several workbooks to accommodate an entire Bible Study group, deacon board or office.
